

DUST MAGNET

Liquid Dust Control

PRODUCT DESCRIPTION:

Dust Magnet is a water-based formula used to treat mops and dusters before being use for dusting furniture, fixtures and floors. Dust Magnet works effectively to control airborne dust and soil. Does not contain oils, waxes or silicones that may build-up on the surface that can dull the floor's finish or create slick spots. Also works great on microfiber mops and microfiber dust rags.

DUST MAGNET

Liquid Dust Control

USE INFORMATION: Recommended for the increased efficiency of dusting furniture, floors and fixtures. Effective in schools, nursing homes, hotels/motels, small or large businesses, warehouses and shopping malls.

DIRECTIONS FOR USE:

Mops and dusters needs to be treated each time prior to use. When they no longer pick up and hold debris, shake out and retreat with Dust Magnet. When laundering is necessary, wash thoroughly; allow to dry and repeat as directed below.

FOR TREATING MOPS AND DUSTERS

Mops and dusters should be clean and dry before treatment. Thoroughly spray or sprinkle Dust Magnet evenly over strands until moist and place in a sealable container. Close lid and let stand overnight.

FIRST AID:

If in eyes or on skin, In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

HANDLING AND STORAGE:

SUGGESTED STORAGE TEMPERATURE: Store inside at 40-90°F. **SPECIAL HANDLING AND STORAGE:** Handle in accordance with good industrial hygiene and safety practices. These practices include avoiding unnecessary exposure and removal of material from eyes, skin and clothing. Store in a cool, dry, ventilated area. Protect from freezing. Thoroughly rinse empty containers.

KEEP OUT OF REACH OF CHILDREN
