

Rinse Away™

CARPET CONDITIONER

PRODUCT DESCRIPTION:

Rinse Away™ removes detergent build-up, alkaline residue and browning stains on carpets. This product is an essential part of any complete carpet maintenance system. After frequent cleaning by shampooing and bonnet or spin clean systems, the carpet becomes “loaded” with detergent residue. The detergent residue discolors and impairs effective cleaning of the carpet. Using **Rinse Away™** as an extraction cleaner removes residue and restores the original condition of the carpet. **Rinse Away™** also works as a spotter to remove stains such as rust, betadine, tea, coffee, grape juice and wine.

FEATURES:

Safe to Use:

Rinse Away™ is approved by the **Wool's of New Zealand.**

Free Rinsing

Rinse Away™ easily rinses detergent residue from carpets and restores the original condition of the carpet. Its low foaming properties make carpet cleaning easy and efficient.

Environmentally Friendly:

Ultra concentrated biodegradable formula reduces packaging and eliminates spotters.

Highly Effective Cleaning:

Removes discoloration. As a spotter, it removes stains such as rust, betadine, tea, coffee, grape juice and wine.
